

Meet Nancy & Lori

Nancy is a poet and storyteller, and performs rhythmic poetry often accompanied by original music. While her CD will not be ready in time for our luncheon, you can join us at lunch and be one of the first to hear this exciting new artist!

Accompanying Nancy, will be **Lori Armstrong**. Lori will provide us with an overview of the great work being done by The Women's Center of Jacksonville.

Lori Armstrong began working with women while serving in Peace Corps Kenya. She worked with schools and women's groups around the Lake Victoria region of Kenya, where she lived for a year among them. Her work with women continued back in the States when she joined the Women's Center of Jacksonville as an Advocate on the Rape Recovery Team.

The Women's Center of Jacksonville improves the lives of women through advocacy, support and education. Carefully designed to support and empower women, the programs and services offered by the Women's Center of Jacksonville focus on nurturing the mind, body and spirit.

Nancy also enjoys short stories that encapsulate a moment or flash of life. While her writing may address serious issues, she also likes to play with humorous pieces.
